

Коллекция цветов Tikkurila Symphony (OPUS I-II)

Tikkurila Symphony является передовой и одной из крупнейших цветовых гамм лакокрасочных материалов, созданных в помощь архитекторам, дизайнерам и малярам. Она включает в себя 2 436 базовых оттенка. Оттенки, включенные в коллекцию Symphony, представляют полный цветовой спектр и поэтому значительно облегчают выбор цвета из более чем 20 000 оттенков Tikkurila.

Колеровка красок в оттенки коллекции Tikkurila Symphony гарантирует идентичность цвета, что во многом облегчает труд профессиональных дизайнеров и архитекторов.

Для удобства использования цветового каталога Tikkurila Symphony онлайн, он разделен на десять цветовых групп: желтые и оранжевые, бежевые, коричневые, красные, розовые, фиолетовые, синие, зеленые оттенки и теплые, холодные оттенки природы. Для просмотра определенной группы необходимо кликнуть на соответствующую иконку в нижней части листа. Для того, чтобы вернуться в начало каталога, кликните на кнопку возврата в правом нижнем углу каждого листа.

БЕЛАЯ БАЗА А – ДЛЯ ПАСТЕЛЬНЫХ ОТТЕНКОВ; ПРОЗРАЧНАЯ БАЗА С – ДЛЯ ЯРКИХ ОТТЕНКОВ.

Важно! При выборе оттенка обращайте внимание на базу краски:

База А имеет белый цвет и может использоваться как самостоятельно, так и колероваться в пастельные оттенки;

База С – прозрачная, не используется без колеровки, колеруется только в насыщенные, яркие цвета.

База краски обозначена последней буквой в кодировке номера цвета (пример: цвет TVT 304 А – необходимо выбрать краску белой базы А, цвет TVT 305 С – необходимо выбрать краску прозрачной базы С).
